NOTE: Bold are planned, not bolded: Only qualifying boats

*Overnight refers to the prior night travel due to the travel distance. The girls need to be on the water early (usually 6:30-7)

** It is not necessary, but is recommended, especially for new rowers and their parents whom are unfamiliar with the venue.

Note: Allow plenty of time for travel due to unknowns such as traffic. There tend to be road closures in the area of the regattas.

DO NOT depend on your GPS estimate of arrival time.
